SUMMER HOURS

That time of the year is upon us once again...SUMMER! We have coordinated a tentative summer schedule for the Center:

MONDAY—3-9 PM
WEDNESDAY—10AM-4PM

We hope that as the summer goes on, we will be able to extend these hours or possibly add another day. A special note of thanks to our volunteer, Jeff Pilchard, for organizing the Monday summer group. If there are any questions about these hours or time that can be donated, please contact the Center at 543-6312.

WOOTEN EXHIBIT GRANT APPROVED

The Maryland Humanities Council has approved a Grant which will make it possible to present an exhibit of Orlando Wooten's photographs of folklife of Delmarva, and a catalogue of his works. Wooten was a photographer and staff reporter with The Salisbury Times, now The Daily Times, for many years. Residents came to know and love his work.

His work has never been presented before in a major public exhibition of this kind. The exhibit will open in the Atrium Gallery in Guierri University on the south campus of Salisbury State University on October 7, 1994 and will be open free to the public through the month of October. Watch for more information on this event.

CALL TO ALL VETERANS!

If you or a loved one is a veteran of the military forces the Research Center would like to obtain any diaries, letters, documents or records related to your time in the service.

Several collections already have been donated from veterans of both World Wars, the Spanish-American was and the campaign in the Philippines, and even a few papers from the Civil War. We believe there are many Delmarva veterans who have important stories to tell to future generations, but their papers are scattered in trunks, attics, and cellars all over the peninsula. Consolidation of them in one place would become a treasure trove to researchers of the contributions of this region's citizens. An important bonus would be the veteran's audio tape recordings or written journals of their own memories and impressions.

If you have, or know of someone who has such papers and would be willing to discuss donating them to the Research Center, please have them call or write us soon. If you would rather not give up the originals, we would be happy to make copies of them and would gladly accept those in lieu of the originals. This 50th anniversary of the Second World War's Normandy invasions is a marvelous kick-off time to inaugurate the collection of this major new collection. This summer, phone the Research Center at 543-6312 on Wednesday between 10:00 and 4:00 or on other days phone 410-543-6245 or 302-875-7601 and leave a message.

ATTENTION ALL VOLUNTEERS!

This is a side note to thank all of our volunteers that assisted us throughout the semester. Without your support, the Center would not be able to provide for the students, community, and scholars, in the way that we do now. By working together, we have all made the Center an educational and recreational haven in Delmarva. There will be some changes occurring at the Center. We are doing some rearranging of areas in hopes to better provide access and mobility to those who are using the areas. We encourage any feedback and suggestions you might have.

Once again, thank you and we hope to see you all this summer!
